- Advanced Microsoft Excel
- SAP
- Power Apps
- Python
- VBA

Analysis & Reporting

- Dashboard Design
- Workforce Analytics
- Data Validation
- Operational Reporting
- KPI Tracking

Process Improvement

- Dashboard Design
- Workforce Analytics
- Data Validation
- Operational Reporting
- KPI Tracking

SELECTED PROJECTS

Workforce Scheduling & Tracking System

Designed and maintained a workforce tracking system supporting almost 1,000 employees across multiple shifts and departments. Built dashboards, search tools, and automated reporting features that became a central operational resource across the project.

Attendance Reporting & Workforce Analytics Dashboard

Redesigned a manual attendance reporting process into a standardized analytics system using advanced Excel functions, dashboards, and automated calculations to support HR and operational decision-making.

HR PDF Automation

Developed an Excel and Python workflow that automated HR document generation, reducing repetitive work while improving consistency and accuracy across multiple document types.

Rapid Power App Prototype

Self-taught Power Apps and delivered a functional workforce check-in application within three days to support operational handover to maintenance teams.

PROFESSIONAL EXPERIENCE

■ Project Controls Administrator & Workforce Coordinator Brock Group | LNG

Seasonal Aug 2024 – October 2025

- Managed high-volume financial workflows totaling multi-million dollars per week using SAP, maintaining strict data accuracy.
- Supported payroll and project controls activities for a workforce approaching 1,000 personnel.
- Designed workforce tracking and reporting systems used across operations, HR, safety, and recruitment teams.
- Developed Excel-based tools to improve workforce visibility, scheduling, attendance tracking, and operational reporting.
- Automated administrative workflows using Excel, Power Apps, and Python.
- Acted as a central coordination point for workforce logistics, documentation, and crew movements.

OTHER EXPERIENCE

■ Volunteer Photography & Work-Exchange Projects South East Asia

2025 – 2026

Delivered photography and media content for hostels, tourism operators, and community projects through work-exchange programs across Southeast Asia. Worked independently across multiple countries while adapting to diverse environments and collaborating with international teams.

■ Layers of a City Artist Residency at Ha.aH Art Gallery

Oct 2025 – Nov 2025

Produced an independent photography series as part of a selective residency program. Developed a cohesive body of work exploring urban identity, culminating in a public exhibition. Managed project timeline, creative direction, and final presentation.
